Select Series
Vertical PDU with RackLink™

features:

- Individual IP outlet control of up to 8 outlets
- Multiple IP autoping and recovery ensuring optimal system functionality
- Control start-up or shut-down with remote sequencing
- Easy set-up and control through RackLink user interface
- MOV surge and spike protection
- Automatic notification of connection status
- Seamlessly interfaces with 3rd party AV control systems and cloud platforms for scheduling, control, reporting and customization

specifications:

Select Series Vertical Mount PDU with RackLink™ Series power management products shall be Middle Atlantic Products model # RLNK-_15V (refer to chart). Select Series Vertical Mount PDU with RackLink power products shall be ___"H x 1.89"W x 1.625"D (refer to drawing). Select Series Vertical Mount PDU with RackLink shall have a 15 amp power capacity. Select Series Vertical Mount PDU with RackLink shall provide MOV surge and spike protection. Select Series Vertical Mount PDU with RackLink shall provide __ total outlets, __ of which shall be individually controllable (refer to chart). Select Series Vertical Mount PDU with RackLink shall include a 9’ power cord. Select Series Vertical Mount PDU with RackLink shall monitor specific remote IP devices and services and shall automatically reboot an unresponsive network device and provide alerts via e-mail. Select Series Vertical Mount PDU with RackLink shall allow local export of log files in CSV format, and shall allow log files to be extracted to 3rd party databases via IP. Select Series Vertical Mount PDU with RackLink shall include an integrated web server for browser-based access and control. Select Series Vertical Mount PDU with RackLink shall utilize an open-architecture serial communications protocol that is cloud compliant without being cloud dependent, and provide an API for seamless integration into any IP based architecture. Select Series Vertical Mount PDU with RackLink shall be fully compliant with any control system or aggregator. Select Series Vertical Mount PDU with RackLink shall be constructed of aluminum with a black anodized finish. Select Series Vertical Mount PDU with RackLink shall meet the EU RoHS Directive 2011/65/EU. Select Series Vertical Mount PDU with RackLink shall be manufactured by an ISO 9001 and ISO 14001 registered company. Select Series Vertical Mount PDU with RackLink Link shall be warrantied to be free from defects in materials and workmanship under normal use and conditions for a period of 3 years. Series Vertical Mount PDU with RackLink shall be listed to UL standard 60950-1 in US and to CAN/CSA C22.2 #60950-1 in Canada and FCC Part 15, Class B.

Customizable specification clips available at middleatlantic.com
**Select Series**  
**Vertical PDU with RackLink™**

All dimensions in inches unless otherwise noted (all dimensions in brackets are in millimeters)

---

**RLNK-1015V**

- 4x status LED
- Alert LED
- Reset
- IEC C14 inlet

---

**RLNK-1615V**

- Outlet status LED

---

**Notes:**
1. All outputs 120V 12A total
2. Cord, IEC, 5-15P, 125V, 10 Ft.L

### AC POWER

- **Connection Type**: 9 ft. IEC (15A)
- **Line Voltage**: Nominal: 120VAC / Minimum: 80VAC / Maximum: 140VAC
- **Maximum Peak Load**: 15 Amps
- **Maximum Cont.Load**: 12 Amps
- **No Load Power Dissipation**: Less Than 1W Note: Ethernet disconnected, all relays off

### BASIC SURGE SPECIFICATION

- **Peak Impulse Current (8/20uS Waveform)**: 12,000 Amps, one time, 9,000 Amps, two times within 5 minutes
  - Maximum peak impulse current pulse as defined between line and neutral
  - Maximum multiple impulse current derated per spec
- **Protection Mode**: Line to Neutral only; no ground contamination
- **Response Time**: Less than 1 nanosecond
- **Surge Energy Dissipation**: 120 Joules (10 / 100 micro seconds)
- **EMI/RF Supression**: >20dB Calculated Line to Neutral - 100kHz to 1Mhz - based on nominal impedance

### REGULATORY APPROVALS

- **Safety**: UL 60950-1 and CSA C22.2 No. 60950-1
- **EMI/RF**: FCC Part 15, Class B

### EVENT DRIVEN/RESPONSES

- **AutoPing No Response/Recovery**: Email and/or Control Outlet

### GENERAL

- **Operating Temperature Range**: 32 - 104F (0-40°C)
- **Humidity Range**: 0-95% RH, non-condensing
- **Communication**: SSL/TLS, SMTP, NTP, DDNS, Cloud, TCP/IP, HTTP (integrated web server)
- **Warranty**: 3 years limited warranty
