Proximity Series
in-wall box

- Available in three sizes to fit the needs of the system: 22” x 14”, 14” x 14” and 14” x 9”
- Trim ring included to hide dry wall cut and provide an aesthetic finish
- Built for small device mounting flexibility with patented Lever Lock™ technology built-in
- Knockouts included for high voltage power and wire management
- Ready for components – includes the box, Lever Lock™ plates, J-Box with duplex receptacle and trim ring
- UL Listed to UL 2416 ans CSA C22.2 No 60950-1

Proximity Series In-Wall Box shall be Middle Atlantic Products model # PRX-WB-__14-_ (refer to drawing). Proximity Series In-Wall Box shall be 9”H x 14.25”W x 3.66” D (refer to drawing). Proximity Series In-Wall Box shall include a trim ring that provides an overall adjustable depth of 3.7” to 4.2”. Proximity Series In-Wall Box shall include (1, 2, 3 refer to drawing) 3.86” H x 13.61” W Lever Lock plates, and have 3 mounting levels. Selected models of the Proximity Series In-Wall Box shall include one 15 Amp Outlet, with 2 mounting positions on the bottom of the box (refer to chart). Proximity Series In-Wall Box shall include 4qty knockouts that accept 1.25” conduit or 1.75” grommets. Proximity Series In-Wall Box shall include 10-32 Pem nuts that accept the mounting of Select Series Compact PDU with RackLink™ model # RLNK-215. Proximity Series In-Wall Box shall include one grounding and bonding stud. Proximity Series In-Wall Box shall be constructed of phosphate pre-treated steel with a white powdercoat finish. Proximity Series In-Wall Box shall be manufactured by an ISO 9001 and ISO 14001 registered company. Proximity Series In-Wall Box shall be warranted to be free from defects in materials and workmanship under normal use and conditions for the lifetime of the wall box, and 3 years for the outlet. Proximity Series In-Wall Box shall be UL listed to the UL standard 2416 in US and CSA C22.1 No. 60950-1 in Canada.

Customizable specification clips available at middleatlantic.com

options:
- Proximity Series Mounting Plate for small component accessory mounting shall be 9”H x 12”W, include a bracket to mount to the VESA monitor mounting pattern, and be model # PRX-MP-9X12
- Sliding Proximity Series mounting plate for small component mounting shall be 15”H x 10”W, shall mount directly to wall or to VDM series ceiling or wall mount mounting bar, and be model # PRX-SMP-15X10.
- Optional vented cover shall be PRX-WB-CVR-__X14 (refer to chart)
