DANGER HAZARDOUS VOLTAGE/DANGER HAUTE TENSION

The lightning flash with the arrowhead symbol, within an equilateral triangle is intended to alert the user to the presence of uninsulated dangerous voltage within the product’s enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

L’éclair avec le symbole de flèche dans un triangle équilatéral est destiné à alerter l’utilisateur de la présence d’une tension dangereuse non isolée dans l’enceinte du produit qui peut être d’une ampleur suffisante pour constituer un risque de choc électrique pour les personnes.

CAUTION/ATTENTION The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

Le point d’exclamation dans un triangle équilatéral est destiné à alerter l’utilisateur de la présence d’importants instructions d’opération et de maintenance (entretien) dans la documentation accompagnant l’appareil.

WARNING! Failure to read, understand and follow the following information can result in serious personal injury, damage to the equipment or voiding of the warranty. It is the responsibility of the Installer/User to ensure that this product is loaded according to specifications.

AVERTISSEMENT! Refus de lire, comprendre et suivre la renseignements suivants peut traduire par de graves blessures, des dommages à l’équipement ou invalider la garantie. Il est la responsabilité de l’installateur / utilisateur de s’assurer que ce produit est chargé conformément aux spécifications.

CAUTION! The socket-outlet shall be installed near the equipment and shall be easily accessible.

ATTENTION! La prise de courant doit être installée près de l’équipement et doit être facilement accessible.

CAUTION! Use indoor in dry locations only.

ATTENTION! Pour être utilisé en intérieur dans un endroit sec seulement.
1. Install the device in the location it will reside.
2. Plug the device into a properly grounded AC power source.
3. Connect the device to your network using a shielded Cat 5 cable, or better.
4. Attach the ferrite provided (part number: 600-01660) as close as possible to the connector going into your device on your shielded Cat 5 cable. (FIGURE A)

**NOTE:** The following hardware setup instructions apply to vertical (RLNK-1015V and RLNK-1615V) and the compact (RLNK-215) models only.

### Installing Vertical (RLNK-1015V and RLNK-1615V) Models in an Enclosure

1. Install the mounting clips through the infinite or fixed position holes in a Middle Atlantic Product enclosure as shown. (FIGURE B)
2. Insert the power strip by gently tapping with the palm of your hand.

**TIP:** To remove the power strip from the mounting clips, wedge a flat head screwdriver between the side of the power strip and clip, and gently pry the power strip from the clip as shown. (FIGURE C)
**INSTALLING THE DEVICE DISCOVERY SOFTWARE**

1. Download and run the Device Discovery `setup.exe` file for PC or MAC from: www.middleatlantic.com/downloads

2. Follow the steps until the Device Discovery tool launches.

3. When launched, the Device Discovery tool discovers all RackLink devices on the same subnet.

For more information about installing the Device Discovery tool, refer to the “Select Series PDU with RackLink User Manual” at www.middleatlantic.com/downloads, or contact support at 1-800-266-7225.

**ACCESSING YOUR RACKLINK VIA THE BROWSER-BASED INTERFACE**

1. Locate your device on the list shown in the Device Discovery tool and launch the browser-based interface by clicking the corresponding Device Control button.

**NOTE**: The default account names and passwords for the Administrator, User, and Control Systems accounts, respectively, on your RackLink device are as follows:

- admin/ admin
- user/ user
- user/password

For more information about using the browser-based interface, refer to the “Select Series PDU with RackLink User Manual” at www.middleatlantic.com/downloads, or contact support at 1-800-266-7225.
UPDATING RACKLINK DEVICE FIRMWARE

NOTE:
• The current firmware version installed on your RackLink appears on the lower-left of all browser-based interface screens.
• For more information about firmware updates, refer to the “Select Series PDU with RackLink User Manual” at www.middleatlantic.com/downloads, or contact support at 1-800-266-7225.

1. Access the latest version of the RackLink device firmware.
2. Sign in to the browser-based interface using the admin/admin account.
3. Click Menu > Firmware.
4. Click Choose File and locate the latest version of the firmware from Step 1.
5. Click Upload.
   The screen indicates that it’s uploading the firmware file and eventually shows a completed status.
6. Click Restart Unit.
   The Upload Reminder pop-up appears.
7. Click Restart.
   At this point, the unit will restart, install the new firmware, and return to the main page.

TROUBLESHOOTING

Forgotten Password
Press the Restore Defaults button on the device. This will default the login and password to admin/admin. NOTE: Pressing this button also defaults the device to using DHCP.

Cannot Access User Interface
Check to see if you can access a general webpage. Verify the green LED on your Ethernet port is lit solid and the yellow LED is blinking.

Unit Will Not Operate After Firmware Upgrade
Contact support at 1-800-266-7225.

RackLink Not Receiving Power
Check that your power cable is securely fastened and confirm the circuit breaker on the unit is in the ON position.
Plug another device into the same receptacle and see if the other unit receives power.
WARRANTY
