Serious Furniture for Mission Critical Installations
Consoles are optimized for flexible flat screen arrangements and ergonomically designed with the user in mind. You can design your workspace for straight, curved, or even serpentine layouts. We can help you plan your room!

Equally suited for small surveillance applications to large scale command and control environments.

FROM THE EQUIPMENT MOUNTING EXPERTS

- Console bays are rugged, fully welded steel construction
- Engineered for fast assembly and effective equipment cooling
- Built-in cable management functions
- Mission Critical qualifications include:
  - Seismic Certified to IBC, UBC, CBC, and NFPA Codes and Standards
  - UL Listed in the US and Canada for strength and stability
  - ANSI/BIFMA Compliant for strength and stability
  - GREENGUARD Children and Schools™ Certified for indoor environmental air quality (Stricter certification criteria than standard GREENGUARD rating - helps qualify for LEED credits)

EXCEPTIONAL RELIABILITY

That expertise is built in to every ViewPoint™ system to support Mission Critical installation reliability:

- Console bays are rugged, fully welded steel construction
- Engineered for fast assembly and effective equipment cooling
- Built-in cable management functions
- Mission Critical qualifications include:
  - Seismic Certified to IBC, UBC, CBC, and NFPA Codes and Standards
  - UL Listed in the US and Canada for strength and stability
  - ANSI/BIFMA Compliant for strength and stability
  - GREENGUARD Children and Schools™ Certified for indoor environmental air quality (Stricter certification criteria than standard GREENGUARD rating - helps qualify for LEED credits)

New Addition to the ViewPoint™ Line

- Sit/Stand functionality promotes proper ergonomics for healthy work environments
- Simplified installation made possible by factory integrated lift systems, pre-installed in welded ViewPoint™ console bays
- Quick shipment – 3 week standard lead time
