FlexView™ Series
display stands and carts

a collection of display stands and carts that are easy-to-integrate, cost-effective solutions for corporate, hospitality & education environments

features:

• Engineered for long-lasting, durable use with a steel subframe; certified for strength and safety
  - Rugged casters on cart models provide long-lasting use and seamless maneuverability, even when wheeling over door thresholds
• Designed with flexibility for mounting displays and other system components
  - Models with electric lift display height adjustment for optimal ergonomics, or manual display height positioning
  - Engineered with the Lever Lock™ system for small device mounting. Standard (non-electric lift) models include two rackspaces for additional equipment mounting
• Designed to be both user- and installer-friendly
  - Simple and quick maintenance with easy-access key locked doors
  - Base designed for unimpeded, up close display interaction
• UL Listed in US and Canada

specifications:

FlexView™ Series Display carts and Stands shall be Middle Atlantic Products model #FVS— (see chart for available models). Overall dimensions of FVS shall be __“H x 43.5” W x 30.7”D (see drawing).
