Designed to mount half rack components

**Features**

- Half width design allows for half rack equipment from many vendors
- Mounting shelves include a pattern of holes and slots that accommodate any mounting pattern
- Low profile design maximizes the amount of useable rackspace
- Features a strong welded frame that allows for pre-loading equipment and transportation to the installation site
- Available in 8 and 12 space useable racking height
- 14” depth
- Rackrail features offset cable tie area which keeps the rack to a slim 10-5/8” width
