HRF Series Half Rack

Designed to mount half rack components

Features

- Half width design allows for half rack equipment from many vendors
- Mounting shelves include a pattern of holes and slots that accommodate any mounting pattern
- Low profile design maximizes the amount of usable rack space
- Features a strong welded frame that allows for pre-loading equipment and transportation to the installation site
- Available in 8 and 12 space usable rack height
- 14” depth
- Rackrail features offset cable tie area which keeps the rack to a slim 10-5/8” width

Architects’ and Engineers’ Specifications

10.4" width half rack shall be Middle Atlantic Products model # HRF-__ 14. Overall dimensions shall be 10.65" W x __” H with a useable depth of 14”. Rack shall have a weight capacity of 125 lbs. Half Rack Frame Rack shall have __ rackspaces (refer to chart). Rackrail shall be 10.4” wide with topped 10-32 mounting holes in universal EIA spacing, with 9.2” opening between rackrail.
