

HUB

collaboration furniture

HUB is a technology-ready, all-in-one furniture solution for collaboration spaces that is designed to maximize equipment and cable storage

features:

- Simple to order with a single part number for the all-in-one system and color designation, with over 50 colors available
- Each HUB includes:
 - Table top
 - InteGreat™ Table Box
 - Two InteGreat™ HDMI® cable retractors with option to add another three from the InteGreat offering
 - TechPed™ Technology Pedestal, providing table support with integrated Lever Lock™ small device mounting, 4RU rackmount capabilities, included 4-outlet power strip
 - Wall mount bracket accommodates 37" – 70" displays (200x200 minimum VESA to 600x400 maximum VESA)
 - 4-outlet power strip for use at the display
- Optional tower for mounting displays directly to the table for a freestanding system
- Table configurations enable design flexibility and a variety of applications:
 - Table shape options available include Angle, a trapezoidal shape ideal for video teleconference use and Bullet, which is rounded at one end and ideal for face to face collaboration
 - HPL and thermolaminate table finishes available
 - Table lengths include 6', 7' and 8'
 - Accommodates 5-7 people
- GREENGUARD Gold certified for use in multiple environments including public, educational and institutional spaces
- Integrated cable management system for efficient installation and servicing

specifications:

HUB Collaboration Furniture shall be Middle Atlantic Products model # HUBTS-_____ (refer to chart). HUB shall include a worksurface constructed of 1-1/8" thick MDF in (angle, bullet) shape, be 46.8" wide and (72", 84", 96") length and 29.1" from the floor. Worksurface to have a Thermolaminate finish with a contoured edge, or HPL finish with a bullnose edge, color to be specified, visit middleatlantic.com for options. Worksurface shall include Wiremold table box in a black finish, part # TB672APBK, which includes 5 qty AVIP Mounting Plates, 2 qty USB-A charging ports, 3.1 Amp shared, 2 qty 15 Amp power outlets on top and 1qty 15 Amp power outlet on bottom, 2 qty HDMI cable retractors that extend up to 5', with the ability to 3 additional cable retractors. HUB shall include TechPed technology pedestal with Lever Lock mounting bracket, 4 outlet, 15 Amp power supply with 12' power cord, 4 rackspace mounting capabilities, integrated cable management, and black thermolaminate MDF panels with hinged, locking front and rear doors. HUB shall include wall/tower mounting brackets with 4 outlet, 15 Amp power supply with 12' power cord, and security covers. HUB shall include cable management on the underside of the worksurface to route cables from the TechPed to the wall. HUB shall include a monitor mount for wall or tower mounting with 0° or 5° fixed tilt, be capable of mounting monitors with a diagonal dimension of 37" to 70" and a VESA pattern from 200x200 to 600x400. HUB shall be GREENGUARD GOLD Certified. HUB shall be RoHS EU Directive 2011/65/EC compliant. Steel components shall be warrantied to be free from defects in material or workmanship under normal use and conditions for the lifetime of the product. Thermolaminate and HPL components shall be warrantied to be free from defects in material or workmanship under normal use and conditions for a period of 7 years. Power components shall be warrantied to be free from defects in material or workmanship under normal use and conditions for a period of 3 years. Table box and related components shall be warrantied to be free from defects in material or workmanship under normal use and conditions for a period of 1 year.
