
PROXIMITY SERIES 9"X14" IN-WALL BOX (POWER EXCLUDED)

PRX-WB-9X14-NP. |

FEATURES & BENEFITS

We recognize that there is a lot of crossover between the Middle Atlantic and Chief product lines, spanning a few categories. With this in mind, Middle Atlantic will begin to phase out these display mounts and AV storage solutions from now and into 2019. Middle Atlantic's goal is to make this process as seamless as possible to our partners. If you have further questions, concerns or needs, please contact 973-839-1011.

- The industry's only in-wall box built for small device mounting flexibility with patented Lever Lock™ technology built-in
- Maximize space for storage of gear: four levels of mounting space offer unmatched configurability
- Quick installation and efficient servicing with included tool-free Lever Lock 4" plates;
- Patented UMS pattern simplifies mounting of small devices
- Certified to UL 2416 for safe, reliable installs
- Trim ring included to hide drywall cut and provide an aesthetic finish
- Knockouts included for high voltage power and wire management
- Includes knockout to accommodate a single gang junction box of your choice
- Compatible Proximity box covers available to restrict visibility and access to equipment
- Ready for components - includes the box, Lever Lock™ plates and trim ring - just add devices and wire them up
- Also available in 14"x14" and 22"x14" sizes
